

Workshop at the University of Zurich on  
 "Semantic information in geosocial data for the mobile age"  
<http://www.geo.uzh.ch/~rsp/semGeoSoc>

Zurich, 21-22nd September 2017

## Workshop programme

<b>Thu 21 Sep 2017</b>	<b>Day 1</b>
13:00–13:30	<i>Setting the Scene</i> (Andrea Ballatore & Frank Ostermann)
13:30–14:00	<i>Introductions</i>
14:00–15:00	<i>Session 1</i>
	<i>Improving the Use of Tags in OpenStreetMap Involving the Semantic Web for the Purpose of Humanitarian Operations</i> R. Lemmens, V. Antoniou, P. Mooney, J. Wilbrink
	<i>Comparing conceptual models of place with operationalisations of place dimensions (Invited Talk)</i> A. Bahrehdar, O. Chesnokova, R. S. Purves
15:00–15:30	<i>Coffee break</i>
15:30–16:30	<i>Session 2</i>
	<i>Methods for Visual Analysis of Reactions to Events in Location-Based Social Media Data Using the Example Brexit</i> E. Hauthal, D. Burghardt, A. Dunkel
	<i>Automatic Geographic Enrichment of Video Shots for Location-based linking and querying of TV content</i> S. Verstockt, S. Nop, B. Vandersmissen, F. Vandecasteele
16:30–17:30	Wrapping up day 1
<b>Fri 22 Sep 2017</b>	<b>Day 2</b>
9:30–10:30	<i>Session 3</i>
	<i>Designing measures for urban attractiveness using VGI and Open Data – a case study in Augsburg</i> A. Keler, X. Li, J. D. Mazimpaka, L. Wang, J. M. Krisp
	<i>Towards a pleasant pedestrian routing</i> R. Peters, T. Novack, Z. Wang, L. Liu, S. Lohr, A. Zipf
10:30–11:00	<i>Coffee break</i>
11:00–12:00	<i>Session 4</i>
	<i>EveryAware Gears: A system for user-driven emergence of semantics from sensor data</i> Martin Becker, Florian Lautenschlager, Michael Steininger, and Andreas Hotho
	<i>Predicting Human Behavior Using Smartphone Sensor Data and App Usage Data</i> Naveen K. Kambham, Kevin G. Stanley, Scott Bell
12:00–13:00	<i>Lunch break</i>
13:00–14:00	<i>Research agenda</i>
14:00–14:30	<i>Closing remarks</i>
